Galvalume wall

The image shows the interior of a modern garage. On the left, there is a long wall made of galvalume panels. The floor is a smooth, light-colored concrete. In the background, there is a room with a window and a door, labeled as the 'Room of tools & gears'. To the right, a wooden-framed glass door leads to a spiral staircase. The ceiling is dark with exposed beams and track lighting. Arrows point from the text labels to their respective features in the image.

Room of tools & gears
